I'll be able to listen in on a phone line? We will need to work hard to keep focused on the key technical issues.

You message got cut off after about 10 seconds....I do know about the added participants at the meeting. Not sure there's enough room for all at HQI's conference room, and if it's too overcrowded I'm afraid it will affect the meeting. Are there alternatives? Can we offer a room at K&L or elsewhere??
